

**TRUST. ELEVATED.**

You're only as safe as the company you keep.

# Fall Protection is All We Do

**Our mission** is to design, test and manufacture the most trusted fall protection products and to provide expert training and support. **Period.**

**Our Vision** is to lead the way in providing fall protection solutions through unmatched product development, training, and customer support.

# Class 1

ANSI Z359.14.-2021

Class 1 Devices are non-leading edge and designed for at or above D-Ring tie off

## FT-One™ Harnesses

The patent pending FT-One™ harness is designed for total comfort while also built for the toughest jobs. It sets the bar high with the next generation of light weight, infinitely adjustable, and comfortably annoyance-free harnesses. The FT-One™ gives you the freedom to work at your best without soreness or fatigue.

## 11' Web FT-X™ SRL

The 11' Web FT-X™ Class 1 SLR is both light weight and durable engineered for people who will not compromise on safety, compliance, or efficiency when working at height.

## Class 2

ANSI Z359.14.-2021

Class 2 Devices are approved for leading edge and designed for down to 5' below D-Ring tie off

### FT-Iron™ Harnesses

The patent pending FT-Iron™ harness provides all-day comfort and all-out strength. Tough enough for ironworkers, the FT-Iron™ is lightweight, durable, and comfortable for any trade all in one rugged harness.

### FT-X™ EdgeCore™ SRL-P

The patent pending 8' FT-X™ EdgeCore™ Class 2 SRL-P is superlight, comfortable and engineered for those who do not compromise on safety, compliance, worker comfort, and efficiency when working at height.

## Body Wear

When it comes to your fall protection equipment, there's nothing more personal or essential than your full body harness.
